

Formal approaches to the phonology-morphology-syntax interfaces
Final program

Wednesday – 16 December 2009		Sala d'Actes del Rectorat (UAB)		
10:00-10:30	Welcome			
10:30-11:30	<i>Invited Speaker</i>	Eulàlia Bonet & Maria-Rosa Lloret	Universitat Autònoma de Barcelona & Universitat de Barcelona	Rescuing phonology through morphology
11:30-11:45	Coffee & Pastries			
11:45-12:30		Ricardo Bermúdez-Otero & Ana Luís	University of Manchester & Universidade de Coimbra	'Morphosyntactic conditioning in phonology: cyclic domains vs. prosodic spans'
12:30-13:15		Antonio Fábregas	IS/CASTL-Universitetet i Tromsø	The morphology-syntax connection: Phrasal spell out and allomorphy
13:15-15:00	Lunch			
15:00-16:00	<i>Invited Speaker</i>	Cedric Boeckx	ICREA/Center for Theoretical Linguistics - Universitat Autònoma de Barcelona	What happens when syntax faces the sensori-motor systems, phylogenetically and ontogenetically
16:00-16:15	Coffee Break			
16:15-17:00		Antje Lahne	University of Konstanz	Serial Probe Impoverishment
17:00-17:45		Hiroki Narita & Bridget Samuels	Harvard University	The H-alpha schema and phonological derivation by phase
17:45-17:55	Short Break			
17:55-18:55	<i>Invited Speaker</i>	Kleanthes Grohmann	University of Cyprus	Studies on Interface Conditions: Anti-Locality in Grammar

Alternates

1 st	Susagna Tubau	Universitat de Vic	Negative Concord in Standard English and the syntax-morphology interface
2 nd	Fabio Montermini	CLLE-ERSS, CNRS & Université de Toulouse	A realizational analysis of Italian verb inflection
3 rd	Terje Lohndal & Bridget Samuels	University of Maryland & Harvard University	The Edges of the Syntax-Phonology Interface
