

11th Workshop on Syntax, Semantics and Phonology (WoSSP) - UAB

| Thursday, June 5 <sup>th</sup> , 2014 |                                                                                                |                                                                                       |
|---------------------------------------|------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|
| 09.00 – 10.00                         | Registration and welcome                                                                       |                                                                                       |
| 10.00 – 11.00                         | <b>Invited seaker:<br/>Francesc Torres-Tamarit<br/>(Vrije U. Amsterdam/Meertens Institute)</b> | <b>Ternary constituents in phonology</b>                                              |
| 11.00 – 11.30                         | Coffee break                                                                                   |                                                                                       |
| 11.30 – 12.00                         | Qiuyue Zhong<br>(Universitat Autònoma de Barcelona)                                            | Verb doubling cleft structure in Mandarin Chinese                                     |
| 12.00 – 12.30                         | Mathilde Hutin<br>(Université Paris 8 Vincennes – St Denis)                                    | From perception to representations: release burst and its implications for phonology  |
| 12.30 – 12.45                         | Short break                                                                                    |                                                                                       |
| 12.45 – 13.15                         | Ayumi Shimoyoshi<br>(Universitat Pompeu Fabra)                                                 | Japanese aspect marker -te i-: both progressive and perfect readings in a single form |
| 13.15 – 13.45                         | Magnun Madruga<br>(Universidade Estadual de Campinas)                                          | The status of prestressed vowels in Brazilian Portuguese                              |
| 13.45 – 15.00                         | Lunch break                                                                                    |                                                                                       |
| 15.00 – 15.30                         | Jens Fleischhauer<br>(Universität Düsseldorf)                                                  | Verbal scales and scale inaccessibility                                               |
| 15.30 – 16.00                         | Jennifer Tan Almazán<br>(ILLA-CSIC)                                                            | Evidentiality: the case of Tagalog                                                    |
| 16.00 – 16.30                         | Wonsuk Jung<br>(UPV-EHU)                                                                       | Comparative structure formation in Korean and Spanish                                 |
| 16.30 – 17.00                         | Coffee break                                                                                   |                                                                                       |
| 17.00 – 18.00                         | <b>Invited speaker:<br/>Jordi Fortuny<br/>(Universitat de Barcelona)</b>                       | <b>A review of conservativity</b>                                                     |
| 21.00                                 | Conference dinner                                                                              |                                                                                       |
| Friday, June 6 <sup>th</sup> , 2014   |                                                                                                |                                                                                       |
| 10.30 – 11.00                         | Mihajlo Ignjatovic<br>(Universitat Pompeu Fabra)                                               | Change of state nominalizations                                                       |

# 11th Workshop on Syntax, Semantics and Phonology (WoSSP) - UAB

|               |                                                                  |                                                                                                      |
|---------------|------------------------------------------------------------------|------------------------------------------------------------------------------------------------------|
| 11.00 – 11.30 | Janayna Carvalho<br>(Universidade de São Paulo)                  | Consequences of loss expletive voice in Brazilian Portuguese                                         |
| 11.30 – 12.00 | Coffee break                                                     |                                                                                                      |
| 12.00 – 12.30 | José Miguel Ruiz-Villaécija<br>(Universidad de Sevilla)          | Discourse movement and factive clauses                                                               |
| 12.30 – 13.00 | Cristina Prim<br>(Universidade Estadual de Campinas)             | Determiners and adjective position                                                                   |
| 13.00 – 13.30 | Heglyn Pimenta<br>(Université Paris 8 Vincennes-St Denis)        | In vino veritas: vowel (de)nasalization in Portuguese and the “sharing makes us stronger” hypothesis |
| 13.30 – 15.00 | Lunch break                                                      |                                                                                                      |
| 15.00 – 15.30 | Lena Borise<br>(Harvard University)                              | How to say “no” to a “no”: polarity reversal in English and Russian                                  |
| 15.30 – 16.00 | James Griffiths and Güliz Güneş<br>(Rijksuniversiteit Groningen) | An Indo-European loan in Turkish and the case of Germanic appositives                                |
| 16.00 – 16.30 | Coffee break                                                     |                                                                                                      |
| 16.30 – 17.30 | <b>Invited speaker:<br/>Vidal Valmala<br/>(UPV-EHU)</b>          | <b>Island repair under ellipsis: handle it with care</b>                                             |
| 17:30         | Concluding remarks                                               |                                                                                                      |
